## Podium finish for Audi driver Michael Galati

SPEED-GT: Michael Galati in the Audi RS 6 Competition scored his best result of the season in round seven of the North American SPEED World Challenge at Road America. In an extremely eventful race with unusual many incidents, the reigning champion finished second in the GT class behind Porsche driver Mike Fitzgerald. Galati's team-mate Randy Pobst, however, had bad luck. After taking the lead at the start thanks to the quattro's traction, he dropped to 21st following a handling problem.
