Creative workshop for children: Figuring out the secret of paper

Neckarsulm, April 3, 2023 – What is the traditional way of manufacturing paper? On Wednesday, April 12, and Thursday, April 13, from 2:00 to 4:00 p.m. on both days, kids can get to the bottom of the secrets of the traditional craft of papermaking in a creative workshop. They’ll be able to manufacture their own paper and learn how to make seed paper and grow their own plants from it.

During the Easter holidays, the Audi Forum in Neckarsulm is extending an invitation to children to make paper together on two separate days. They’ll learn the craft of papermaking from mixing the pulp – a mushy mass of fibers – to final completion. There are no limits to their creativity. Whether they want to decorate the paper in bright colors or with flowers and petals, the young paper manufacturers can express themselves as individuals.

On top of that, the kids can make seed paper to get acquainted with another use for hand-made paper. The gardeners will then plant it in a pot and, with a little patience, they can marvel at their own plant at home. All self-created works of art can be taken home and used for letters, postcards or greeting cards.

This creative workshop is meant for children aged six and up. The paper workshop will be held from 2:00 to 4:00 p.m. on Wednesday, April 12, and Thursday, April 13, at the Audi Forum in Neckarsulm. It costs 16 euros per child, plus fees. Please make sure suitable clothing is worn. Tickets are available at the Audi Forum in Neckarsulm (phone: 07132-31 70110) and online.
